Overview

MRO India will be co-located with the 2nd Civil Aviation Week - Airport & Airline 2008 Expo - India's only complete Civil Aviation event.

The 1st Civil Aviation Week - Airport & Airline 2007 Expo held in Pragati Maidan, New Delhi from 26-28 March 2007 brought together 110 exhibitors from 15 countries and 5,082 decision makers (business visitors and conference delegates). The expo witnessed presence from all sectors of aviation industry, including corporates specializing in MROs.

Market Opportunities

- Ernst & Young estimates that the Indian MRO industry in the aviation sector will receive investments up to US\$ 30 billion by 2020.
- The Indian MRO market is currently valued at more than US\$ 150 million per annum, which is expected to grow at an average annual rate of 15 per cent.
- The Centre for Asia Pacific Aviation (CAPA) has predicted that India has the potential to service a fleet of 1,000 commercial planes and 500 general aviation aircraft by 2020.
- Potential for the Indian MRO industry has increased as many domestic airlines have commenced operations, whereas only Air India and Jet Airways have their own MROs to service their fleet.
- German MRO major Lufthansa Technik is setting up a wholly owned MRO subsidiary in India - One Stop Airline MRO Support Pvt. Ltd - to undertake provision of spare parts and consumables to be used in the maintenance, repair and overhaul of aircraft.
- Boeing is expected to invest US\$185 million to set up a joint venture MRO facility with Air India. Boeing announced plans to invest in a regional MRO base and a pilot training facility in India.
- HAMCO (Hyderabad Aircraft Maintenance Co) has announced plans to set up India's "first independent" MRO operation.
- Due to low investment capability, most aviation MRO players in India are actively exploring Joint Venture partnerships with leading MRO companies from Europe and North America.
